

Accountant – Athens (Greece)

For our client, a mining and chemical multinational, we are looking for an experienced Accountant for their new branch in Greece

Why is this job something for you?

- You will find yourself in a challenging accounting position where you can be part of the start-up of a new branch at an international company in full expansion.
- Within the company there are on the long term career opportunities for people who show potential.
- In addition, you can count on an interesting salary package.

What are you going to do ?

- In the transition phase (year one), all orders processing with our service providers, customers and suppliers. All order processing until the company moves to the new ERP package in SAP
- Develop and implement the finance strategy in line with the overall business strategy
- Establish appropriate financial protocols, policies and procedures to ensure consistency of practice and to mitigate any financial risks to the business
- Work closely with the other colleagues to proactively plan financial activities in accordance with approved business plans, sales projections and available funds
- Maintain oversight of day to day financial transactions including receivables, payables, cash flow management, banking operations, repayments etc. to ensure compliance to applicable tax regulations
- Supervise the availability of funds and keep track of financial commitments to ensure uninterrupted business operations
- Work closely with relevant departments to recover outstanding amounts from customers and related parties in a timely manner
- Maintain a register to ensure all company assets are accurately recorded and changes in the asset value is tracked
- Assist in the internal and financial audits and take corrective actions in a timely manner

Who are we looking for ?

- Minimum a Bachelor's degree in accounting or finance management
- At least 5 years of relevant working experience
- Being familiar with financial systems, SAP and Microsoft office.
- Fluent in English is a must.
- Flexible- especially at the start of the company, the job will be all round and not only restricted. The team is small. The ideal candidate is an all rounder.
- You have the pioneering mentality that comes with starting a new company
- You can work independently but at the same time you build good relationships with your international colleagues from finance/sales and customer service.
- It is no problem for you to follow at the start a few weeks of training in the office in Antwerp (Belgium)
