

Finance SAP Key User - Antwerp

For our client, a mining and chemical multinational, we are looking for a Finance SAP key User. **You will work from the Belgian office in Antwerp.**

Why is this job something for you?

- You will find yourself in a diverse and challenging new Accountant role within a healthy international company in full expansion.
- Within the company there are on the long term many career opportunities for people who show potential.
- In addition, you can count on an interesting diverse salary package, flexible working hours and teleworking options but no company car.

What are you going to do ?

For the full financial flow within the company you will:

- Provide first and second level support for all SAP FI related incidents and system functionalities
- Provide hands-on support for month-end closing errors or business process related questions
- Work with process owners & business users on Finance process analysis and optimization requests
- Develop and perform local key user online trainings in Europe, Asia and U.S (Peru, USA, Ecuador, Mexico, Belgium, Italy)
- Ensure quality assurance - analysis for existing business processes with the focus on harmonization and standardization according to group requirements, develop concepts to improve process efficiency
- Perform testings, assisting with data-migration, assisting in a 'go-live' for a new office, conduct training and this for all financial data.

For this position you will receive intens (digital) on-job-training during the first months and you will work parallel to our Business Application Mgr.

Who are we looking for ?

- Excellent knowledge of SAP ERP FI module
- At least 3 years of relevant professional (a-z) finance and accounting experience
- Ability to multi-task several projects/initiatives simultaneously given this is a global position
- Ability to document processes, specifications, etc
- Able to write TextScripts and experienced in Microsoft Excell
- Strong written and communication skills in English. Any additional languages are a plus, but not mandatory
- You are pro-active, communicative and you can work independently on certain tasks
- Analytically minded and methodical problem solver.
- You have experience in working within a multi-cultural environment
- Very high affinity or experienced in working with SAP S4/HANA
- Flexible to work in different timezones. No 9 to 5 mentality.
